

VCS Grants

Round 11 – Open from Monday 22 April 2013

Deadline 4pm, Wednesday 5 June 2013

We are giving grants to support the Voluntary & Community Sector (VCS) organisations in Worcestershire, whose activities contribute towards identified outcomes for the community.

For background information about the VCS Grants scheme and information about when funding is available throughout the year, please visit our web pages at www.worcestershire.gov.uk/voluntary

What's available in round 11?

In round 11 we are offering the following grants:

Strategic Grant 1 – Job Retention Service

1 year (+ 2 year) subject to review in December 2013. A single grant of £60,000 is available in Year 1 to provide countywide coverage to help people remain in work.

Over the past few years there has been increased recognition that much long-term unemployment can be averted if the right steps are taken when employee's mental health conditions are first identified at work. It makes sense to help people remain in work whenever possible, rather than wait for them to become completely detached from the workplace, and the problems that detachment brings with it.

Strategic Grant 2 - Community Based Reablement Services (Redditch & Bromsgrove Only)

Two grants of £25,000 each are available to deliver services in the communities of Redditch and Bromsgrove to people with Mental Health problems.

The service will help people to independently live and reintegrate into local communities by supporting the development of a new meaning and purpose in their lives as they move on beyond the catastrophic effects of mental illness.
